WordPress

- What is Twitter?
- How can we use it during DARE+ project?
- Local? Along the project?

- What is LinkedIn?
- Individual activity (local activity)

- Facebook groups: what for?
- Local activity

- https://en.wordpress.com/

- Create your new website for free. WordPress.com is the best place for your personal blog or business site.

- Can you think of any activity before the seminar in Italy? (local activity)

- Google Drive

- Can you think of any activity before the seminar in Italy? (non local activity)

thinglink.

- What is ThingLink? https://www.thinglink.com/learn

http://www.thinglink.com/scene/612982400766443521

- ThingLink is the leading platform for creating interactive images and videos for web, social, advertising, and educational channels.

- Be creative! Make your images come alive with video, text, images, shops, music and more!

- Every image contains a story and ThingLink helps you tell your stories → during the seminar in Italy! (Pictures, group work, etc.)

THANK YOU
