

# Summer School 2015: Ten Learning Outcomes

DARE +

# When you have finished this intensive summer school you will be able to:

1. Define and appraise the concepts of teamwork, leadership and communication and their impact on people's lives and society, and apply this knowledge in different contexts.
2. Recognise characteristics of good practice in teamwork and evaluate the effectiveness of the team as a whole.
3. Work in an integrated way to achieve team results by pulling together the contribution of each team member to construct a collective identity.
4. Develop leadership in decision making and to be able to take risk with appropriate discernment.
5. Develop strategies to implement a common vision that motivates others.

6. Be critically reflective and committed to achieving common goals.
7. Listen actively, respect the opinions of other members of the team, negotiate, and manage any conflict that arises.
8. Express yourself clearly and convincingly, and utilise tools and strategies to achieve effective communication.
9. Identify personal and professional challenges in the areas of leadership, teamwork and communication, and develop strategies to address these.
10. Develop a personal learning plan and identify specific areas of interest for your future development in the areas of leadership, communication and teamwork.
